Subject Index Volume 14

- Alkaline phosphatase, bone, bone turnover, fluoride, hydroxyproline, 57
- Ambulatory monitoring, hot flash, hot flush, fever, menopause, body temperature, thermoregulation, 181
- Atrophic vaginitis, post-menopause, low-dose, oestradiol, 23
- Body temperature, hot flash, hot flush, fever, menopause, thermoregulation, ambulatory monitoring, 181
- Bone, bone turnover, fluoride, hydroxyproline, alkaline phosphatase, 57
- Bone turnover, bone, fluoride, hydroxyproline, alkaline phosphatase, 57
- Calcium, estrogen, progestogen, menopause, 189
- Cardiorespiratory fitness, exercise, VO_2 max, elderly, females, 49
- Climacteric hormone therapy, oestrogen treatment, oestradiol valerate, progestogen treatment, megestrol acetate, norgestrel, 43
- Climacteric symptoms, quality of life, methods, hormone replacement therapy, 211
- Climacteric symptoms, quality of life, hormone replacement therapy, long-term follow-up, 225
- Cross-sectional studies, menopause, psychosocial, symptoms, 95
- Depression, menopause, methodology, 143
- Dydrogesterone, menopause, oestradiol implants, endometrium, 17
- Dydrogesterone, oestradiol, implant, menopause, hormone replacement therapy, 9
- Elderly, exercise, VO_2 max, cardiorespiratory fitness, females, 49
- Endometrium, menopause, oestradiol implants, dydrogesterone, 17
- Epidemiologic methods, estrogens, evaluation studies, interviews, memory, menopause, 161
- Epidemiology, osteoporosis, fractures, prevalence, tobacco-smoking, menopause, 65
- Estrogens, epidemiologic methods, evaluation studies, interviews, memory, menopause, 161
- Estrogen, progestogen, menopause, calcium, 189
- Evaluation studies, epidemiologic methods, estrogens, interviews, memory, menopause, 161
- Exercise, VO_2 max, elderly, cardiorespiratory fitness, females, 49
- Eye, oestrogen, menopause, 3
- Females, exercise, VO_2 max, elderly, cardiorespiratory fitness, 49
- Fever, hot flash, hot flush, menopause, body temperature, thermoregulation, ambulatory monitoring, 181
- Fluoride, bone, bone turnover, hydroxyproline, alkaline phosphatase, 57
- Fractures, osteoporosis, prevalence, epidemiology, tobacco-smoking, menopause, 65
- Health complaints, menopause, prospective study, 127
- Hormone replacement therapy, dydrogesterone, oestradiol, implant, menopause, 9
- Hormone replacement therapy, oestrogen, norgestrel, lipoproteins, 33
- Hormone replacement therapy, quality of life, methods, climacteric symptoms, 211
- Hormone replacement therapy, quality of life, climacteric symptoms, long-term follow-up, 225
- Hot flash, hot flush, fever, menopause, body temperature, thermoregulation, ambulatory monitoring, 181
- Hot flush, hot flash, fever, menopause, body temperature, thermoregulation, ambulatory monitoring, 181
- Hydroxyproline, bone, bone turnover, fluoride, alkaline phosphatase, 57
- Immune responses, menopause, sex steroids, 201
- Implant, dydrogesterone, oestradiol, menopause, hormone replacement therapy, 9
- Interviews, epidemiologic methods, estrogens, evaluation studies, memory, menopause, 161
- Lipoproteins, oestrogen, norgestrel, hormone replacement therapy, 33
- Long-term follow-up, quality of life, climacteric symptoms, hormone replacement therapy, 225

- Longitudinal study, menopause, psychological and vasomotor symptoms, 117
- Longitudinal study, menopause, median age, symptoms, 103
- Low-dose, atrophic vaginitis, post-menopause, oestradiol, 23
- Median age, menopause, longitudinal study, symptoms, 103
- Megestrol acetate, oestrogen treatment, oestradiol valerate, progestogen treatment, norgestrel, climacteric hormone therapy, 43
- Memory, epidemiologic methods, estrogens, evaluation studies, interviews, menopause, 161
- Menopause, cross-sectional studies, psychosocial, symptoms, 95
- Menopause, depression, methodology, 143
- Menopause, dydrogesterone, oestradiol, implant, hormone replacement therapy, 9
- Menopause, epidemiologic methods, estrogens, evaluation studies, interviews, memory, 161
- Menopause, eye, oestrogen, 3
- Menopause, health complaints, prospective study, 127
- Menopause, longitudinal study, psychological and vasomotor symptoms, 117
- Menopause, longitudinal study, median age, symptoms, 103
- Menopause, oestradiol implants, dydrogesterone, endometrium, 17
- Menopause, osteoporosis, fractures, prevalence, epidemiology, tobacco-smoking, 65
- Menopause, sex steroids, immune responses, 201
- Menopause, estrogen, progestogen, calcium, 189
- Menopause, hot flash, hot flush, fever, body temperature, thermoregulation, ambulatory monitoring, 181
- Methodology, menopause, depression, 143
- Methods, quality of life, climacteric symptoms, hormone replacement therapy, 211
- Norgestrel, oestrogen, hormone replacement therapy, lipoproteins, 33
- Norgestrel, oestrogen treatment, oestradiol valerate, progestogen treatment, megestrol acetate, climacteric hormone therapy, 43
- Oestradiol, atrophic vaginitis, post-menopause, low-dose, 23
- Oestradiol, dydrogesterone, implant, menopause, hormone replacement therapy, 9
- Oestradiol implants, menopause, dydrogesterone, endometrium, 17
- Oestradiol valerate, oestrogen treatment, progestogen treatment, megestrol acetate, climacteric hormone therapy, 43
- Oestrogen, eye, menopause, 3
- Oestrogen, norgestrel, hormone replacement therapy, lipoproteins, 33
- Oestrogen treatment, oestradiol valerate, progestogen treatment, megestrol acetate, norgestrel, climacteric hormone therapy, 43
- Osteoporosis, fractures, prevalence, epidemiology, tobacco-smoking, menopause, 65
- Post-menopause, atrophic vaginitis, low-dose, oestradiol, 23
- Post-menopause, oestriol, vaginally, urogenital disorders, 171
- Prevalence, osteoporosis, fractures, epidemiology, tobacco-smoking, menopause, 65
- Progestogen treatment, oestrogen treatment, oestradiol valerate, megestrol acetate, norgestrel, climacteric hormone therapy, 43
- Progestogen, estrogen, menopause, calcium, 189
- Prospective study, menopause, health complaints, 127
- Psychological and vasomotor symptoms, menopause, longitudinal study, 117
- Psychosocial, menopause, cross-sectional studies, symptoms, 95
- Quality of life, climacteric symptoms, hormone replacement therapy, long-term follow-up, 225
- Quality of life, methods, climacteric symptoms, hormone replacement therapy, 211
- Sex steroids, menopause, immune responses, 201
- Symptoms, menopause, cross-sectional studies, psychosocial, 95
- Symptoms, menopause, longitudinal study, median age, 103
- Thermoregulation, hot flash, hot flush, fever, menopause, body temperature, ambulatory monitoring, 181
- Tobacco-smoking, osteoporosis, fractures, prevalence, epidemiology, menopause, 65
- Urogenital disorders, oestriol, vaginally, post-menopause, 171
- Vaginally, oestriol, post-menopause, urogenital disorders, 171
- VO₂ max, exercise, elderly, cardiorespiratory fitness, females, 49
